## **DECLARATION OF CONFORMANCE REACH-SVHC**

Dear Valued Customer,

Magnetic Seal Corp (MSC) is dedicated to serving you by providing high quality sealing solutions that meet environmental regulations, including Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) and the European Union Regulations (EC) 1907/2006.

Under the definition of REACH regulations (EC 1907/2006), MSC is a producer of “articles.” REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in excess of 0.1% by weight. The EU announced on July 7, 2017 an updated list of the candidate 174 SVHC chemicals which can be found at:

[http://echa.europa.eu/chem\\_data/authorisation\\_process/candidate\\_list\\_table\\_en.asp](http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp)

Based on the material content certifications provided by Magnetic Seal Corp’s suppliers, none of these substances are present in our products, including packing and shipping materials. Therefore, MSC products do not contain any of these SVHC in excess of 0.1% by weight.

We are committed to taking all necessary steps to ensure continued REACH compliance and will notify customers of any change in article content.
