

In support of our growth initiatives, MAGSEAL has made changes to its Aerospace Sales representation in Europe as follows:

In February 2018, MAGSEAL's manufacturing sales representation in Germany and United Kingdom, previously supported by Dieter Wettstadt of Ingenieurboro Wettstadt and Colin Cooper of Cleeve, Ltd., respectively, has been brought to a close. MAGSEAL is grateful to these gentlemen for their loyal support over the past decades & wish them well in their future endeavors.

Beginning March 1, 2018, and in support to our customers in Europe and the developing market there, MAGSEAL has initiated a relationship with Mr. Mario Bahlouli of NPI Aviation, a trademark of Vox Populi Consulting, SL, to represent MAGSEAL in the following countries in Europe: Germany, Italy, Belgium, Switzerland, Spain, Austria, Slovenia and the Netherlands.

Mario is fluent in several languages including English, German, Italian, French and Spanish. He has been employed by a number of aerospace companies in a variety of disciplines including Project Management, Business Development Management, and Manufacturer's Sales Management and has recently held a position with Technetics Group as European Manufacturer's Sales Manager. Mario has a Masters Degree from Université Denis Diderot, Paris, France, and a Baccalauréat (Bachelor of Arts) from Lycée Jules Ferry, Paris, France.

Mario can be reached at NPIAviation@NPIAviation.com

We welcome Mario to the MAGSEAL Sales Team.

While MAGSEAL currently evaluates candidates for the United Kingdom, we kindly ask that you direct inquiries to sales@magseal.com. We look forward to introducing our MAGSEAL United Kingdom manufacturing sales representative soon!
